The Difference Between "Getting By" and Thriving

Abraham Maslow put the desire for "self-actualization" at the top of his famous pyramid of human needs. Maslow taught us that we will never really be complete, happy, or satisfied unless we are striving for our full potential. That is why I wrote this book. This book is about thriving as your best self. It's about thriving in a world where so many people settle for average.

Other books on personality types include brief descriptions of each type, sometimes with a few tips. This book goes deeper than any other book, website or guide and includes the reasoning behind the strategies so you can truly understand the INFJ.
